

the joy of spin

SPECIFY
FurnSpin S

access the specification window and be among the first to design with a whole new spin on cabinetry

The specification window is open

Submit your specification on www.designwithhettich.co.nz and receive tailored advice on your design, technical approval and an indication of product availability.

Pre-specify FurnSpin S in your project

- Ensure a flawless design for your customer through our technical design checks
- Recommend your preferred manufacturer for priority FurnSpin training
- Confirm product availability for your project as soon as it arrives later this year
- Be among the first in New Zealand to create a space featuring FurnSpin

What you need to know

- The window for pre-launch specification is open from May - October 2024
- Limited product availability during this time.
- FurnSpin will only be released to certified manufacturers who have completed training
