

# WingLine L | 2024 Release

## Bi-folding door system

Reimagined in its 2024 release, Hettich's most popular and versatile bi-folding door system is faster, quieter and more adjustable than ever before.

With customisable door panel and gap adjustments and opening speed control, WingLine can meet the most exacting expectations.

Opening up to an exceptional 6m<sup>2</sup> of viewing space, the WingLine L and its comfort features are suitable for anything from basic garage storage to high-end kitchens.
